Subject: Re Antitrust Microsoft

Dear Justice Department

I would like to voice my Opinion on the Antitrust settlement with Microsoft.

I think as a Taxpayer and Voter it is about time that this nonsense suit is put to sleep.

The people that Originally brought this suit in the first place are expanding and Monopolizing more than Microsoft ever has.(AOL-Time Warner) Sun Microsystems) etc.I think that Microsoft has done so much for us beginner

computer users, and still do.

Sincerely

Helga Jackson
